

## LED-downlight Provetta dimbaar 222mm 120°

### Algemene informatie

|                |                                         |
|----------------|-----------------------------------------|
| Lichtopbrengst | 1800 lumen                              |
| Lichtkleur     | 3000K (warm-wit)   4000K (neutraal-wit) |
| Garantie       | 3 jaar                                  |
| Vermogen       | 18 Watt                                 |

### Afmetingen

|                 |                 |
|-----------------|-----------------|
| Afmeting driver | 78 x 31 x 23 mm |
| Inbouwdiepte    | 20 mm           |
| Diameter        | 222 mm          |
| Zaagmaat        | 206 mm          |

### Technische informatie

|             |           |
|-------------|-----------|
| Spanning    | 200-240 V |
| CRI (RA>)   | > 80      |
| Dimbaar     | Ja        |
| Lichtbundel | 120°      |

### Overige informatie

|                      |                      |
|----------------------|----------------------|
| Verwachte levensduur | 30.000 uur           |
| Materiaal            | Aluminium            |
| IP-waarde            | IP20 (Stofbestendig) |

### Variaties

| SKU                     | EAN           | Lichtkleur           |
|-------------------------|---------------|----------------------|
